About the Property

If you are looking to build a family estate for generations to come, this expansive 110 X 110 corner lot, the largest available single lot in Stone Harbor, is positioned just three homes from the beach in one of the island's most sought-after neighborhoods. Positioned almost centered down the 93rd Street beach block, the property benefits from high elevation and a low dune line, allowing for impressive ocean views from the second floor of the existing home. While most corner lots in Stone Harbor measure approximately 60 X 110, this oversized parcel allows for the construction of a residence exceeding 6,000 sq. ft. The sale includes fully approved permits and custom architectural plans designed by Blane Steinman, allowing a buyer to proceed immediately with a custom home where ...
