About the Property

Warning This home may cause sudden bursts of creativity and a mild obsession with Pinterest boards Introducing this vintage 1930 classic that s been thoughtfully well completely gutted, so you don t have to feel guilty about tearing anything out yourself. That s right no awkward debates about saving wallpaper or carpet from 1930. It s already a blank canvas, just waiting for your vision (and inspiration from your favorite home renovation TV shows). Set on almost 5 glorious acres that run straight back, this property offers plenty of room for your dream home, a garden, a workshop, a chicken empire, or simply a place to dramatically sip coffee while pretending you live in a countryside movie. And the best part A BRAND-NEW SEPTIC SYSTEM has already been installed. One o ...
