## About the Property

Opportunity meets location at Dennisville Lake Resort! Situated on a desirable perimeter lot with no neighbors behind, this property offers added privacy and open space, while still being just steps to the pool, playground, and clubhouse a rare combination that's hard to find. This is a true 2-bedroom, 1-bath unit a standout feature, as many others sacrifice living space by converting part of the Florida room into a second bedroom. Here, you get the best of both worlds with dedicated bedrooms and comfortable living space. Adding even more value, this unit features a screened-in back porch, perfect for enjoying the outdoors while staying protected another feature not commonly found throughout the community. The home is full of charm and just needs your finishing touches to make it ...
