About the Property

Located in one of North Cape May s most desirable bayside pockets south of Town Bank Road, west of Bayshore Road, just blocks to the bay, sunset views, and waterfront dining. At approx. 2,033 square feet on an oversized 125x75 corner lot, this home offers space that simply doesn t exist in most newer construction or renovations at this price point. The flexible layout includes a main living room with hardwood floors, an eat-in kitchen with granite countertops and stainless appliances, and a lower-level family room featuring a gas fireplace, dining area, storage, & garage access.
