About the Property

Tucked away on a private cul-de-sac surrounded by the bay and lagoon, this extraordinary like new construction custom home redefines modern coastal luxury. Built by Bayshore Builders, this 5,600-square-foot, 5-bedroom, 5.5-bath residence was thoughtfully designed to maximize both comfort and breathtaking water views from every floor. The home's striking exterior showcases a seamless metal roof, Nichiha architectural panel siding, Andersen 400 Series windows, and sleek glass railings framing multiple fiberglass decks overlooking the tranquil lagoon and open bay. Built with longevity and performance in mind, the property features spray foam insulation, high-efficiency HVAC systems, two Navien tankless hot water heaters, and a whole-house Generac generator. Inside, sophistication meets func ...
