About the Property

This charming, fully renovated Victorian is set far off the street on 5 private acres and features a paved circular driveway leading to a stunning wrap-around porch. Offering 5 bedrooms and 4.5 baths, the home has been thoughtfully updated with a brand-new two-zone heating and cooling system, new well and septic, and an inviting living room highlighted by an electric fireplace. The beautifully updated kitchen showcases marble countertops, new stainless-steel appliances, new flooring, and a planned island extension to include a peninsula, with construction scheduled to begin in February. The full finished basement adds exceptional versatility, featuring tile flooring, a home theater with a 116" movie screen and nine stadium-style seats, and a powder room. Planned basement upgrades beginning ...
