About the Property

Stony Brook Model - To Be Built | October 2026 Delivery (approx.) Introducing the Stony Brook, a thoughtfully designed 3-bedroom, 2-bath ranch offering 1,430 sq. ft. of open-concept living. With a 27'6" x 52' footprint, this home delivers efficient flow, modern finishes, and the kind of layout today's buyers crave. Step inside to a bright, airy floor plan where the kitchen, dining, and living areas blend seamlessly—perfect for everyday living or entertaining. The kitchen features stainless steel appliances, quartz countertops, a center island overlooking the main living space, and plenty of room to gather. The bedrooms include a spacious primary suite, two additional bedrooms, and a second full bath. A dedicated utility room adds convenience. Enjoy year-round comfort with c ...
