About the Property

Builders, investors, and operators—don't miss this rare opportunity to acquire a 9-unit condo portfolio in the heart of Wildwood, NJ, being offered as a package deal along with a buildable lot. This unique offering includes nine individually deeded condominium units, consisting of eight 2-bedroom, 1-bath units and one spacious rear cottage featuring 1 bedroom and 1 bath. The additional lot, currently utilized as parking for tenants, is large enough to accommodate the construction of one or two homes, similar to the neighboring properties at 223 and 225. The entire property has undergone extensive renovations within the past year and a half, and the heavy lifting has already been completed, including the full rehab, condo conversion, elevation certificate, and more. All units are current ...
