About the Property

The "sprawling" layout combined with "divided bedroom areas" is a major selling point for privacy, making it ideal for multi-generational living or a quiet home office setup away from the main living areas. Significant Acreage: At 3.91 acres, you have roughly 170,319 square feet of land. Having frontage on two different roads. Proximity to both The Cove and Lake Lenape suggests a lifestyle geared toward nature and recreation, while still being close enough to an "active town" to maintain a social life. And did I mention it has a WHOLE HOUSE GENERATOR. This home is fully handicap accessible SOLD STRICKLY AS IS
