About the Property

Built in 2023, this end-unit townhome offers 3 bedrooms, 3 bathrooms, and a layout that makes everyday living simple. What sets this one apart is the position. Being an end unit also means windows on three sides, bringing in natural light that most interior units don't get. Inside, the layout is clean and functional with a mix of vinyl plank flooring and carpet in the right places. Two-and-a-half bathrooms adds flexibility for guests or multi-use living. A one-car garage keeps things practical. Ask ab ...
