About the Property

Well maintained with many improvements describes this 3 bedroom, 2.5 bath bi-level home with attached 2 car oversized garage. Enter the front door and go up to the main living level. The recently refinished wood flooring throughout the living room, dining room, kitchen and hall is a delight. The living room is a great gathering spot to converse or watch TV. The dining room overlooks the updated deck outside, and the kitchen is a cooks dream! With plenty of space for cooking and creating, as well as a bar for a quick bite on the go, this area is sure to be the heart of the home. As you enter the bedroom hall, there is a full bath with LVP flooring and updated tilework. The main bedroom has carpeting, barn doors on the closet and a main bathroom with shower stall. the second bedroom is curre ...
