About the Property

A rare opportunity for log-home lovers seeking a peaceful retreat, this handcrafted residence sits on 5 private acres surrounded by nature—offering the quiet, restorative lifestyle that’s increasingly hard to find. The seller has invested extensively in thoughtful, high-quality upgrades, transforming this property into a turnkey sanctuary. The home features a completely renovated kitchen with 42" high-end cabinetry, premium quartz countertops, new floor tile and radiant floor heating. All 3 bathrooms have been updated. The additional 800 sq. ft. of finished lower-level living space expands the home’s versatility. Major systems have been improved, including a new heater, water-treatment system, and a comprehensive security system for added peace of mind. Exterior enhancements elevat ...
