About the Property

Coming Soon!! Showings begin Saturday, October 24! A welcoming covered porch and expansive fenced backyard set the stage for this 3-bedroom, 2.5-bath, 2-story home built in 2006. A new roof, furnace, and central air system were installed in September 2026. This home offers peace of mind and comfort, knowing the major systems were recently replaced. Inside, the open living and dining area features warm-toned flooring, abundant natural light, and a comfortable gathering space. The kitchen features ample cabinetry, generous counter space, a peninsula for meal preparation, and a stainless steel refrigerator and range. A dedicated laundry area adds everyday convenience, while the master bedroom has its own ensuite that offers added comfort. Outside, the spacious backyard offers room for gardeni ...
